

# THE CASHLESS HARVEST.

Pay your workforce instantly. With confidence, control and care.

**From first day to payday made simple.**

In agriculture, your workforce grows and shifts with the seasons. Managing this with cash or manual processes creates unnecessary pressure, risk and delays.

**FINEXFlow, powered by FINEX Money,** brings everything together in one seamless flow.

**Rapid Worker Activation:** Onboard hundreds of workers digitally. No paperwork. No delays.

**Real Time Payments:** Pay instantly, exactly when you choose, through FINEX Money.

**Verified and Compliant:** Every worker is securely identified before payment.

**Full Visibility and Control:** Track, approve and manage payments from anywhere.

**Onboard. Verify. Pay instantly.**

**Digital dignity for your workers.** Give your workforce immediate access to their earnings through a secure mobile wallet and card. Zero banking history required.

**SCAN TO WIN**

# PAYDAY IS A PROMISE. WE HELP YOU KEEP IT.

## FINEXFlow connects:

- » Identity and verification.
- » Compliance and onboarding.
- » Payment control and reporting.

## FINEX Money ensures:

- » Real time payment execution.
- » Reliable, on time settlement.
- » Payments made exactly when you choose.

## Remove risk. Build trust.

- » Reduce the risk of unverified or duplicate workers.
- » Strengthen compliance and audit readiness.
- » Eliminate cash on site.
- » Ensure every payment is accurate and traceable.

## Work smarter. Not harder.

- » Manage seasonal or permanent staff at any scale.
- » Access real time dashboards and reporting.
- » Reduce admin and payroll pressure.
- » Focus on your operation, not the process.

## Designed for real farm environments.

- » From orchards to packhouses.
- » From 50 workers to thousands.
- » One system that grows with your business.

## Why it matters.

This is not just about faster payments. It is about creating a more secure, transparent and efficient way to run your workforce.
